

AD 330 DOUBLE STACK DRYER

- 2 x 14kg drums
- Easy operation
- Stainless steel drums
- 3 temperature settings
- Available in coin or manual operation

Technical Specification

Width (mm)	Depth (mm)	Height (mm)	Weight (Kg)
752	1118	1988	366

Features

2 x 14kg capacity

Front service

Tamper proof coin mechanism

Electronic ignition

Large doors

Large lint drawer

No rubber seals

3 temperature setting

Stainless steel drums

Running costs of gas dryers are approximately one sixth of the running costs of electric dryers - normal household tariff

Benefit to Customer

Large load increases throughput; more profit

Easy operation Less user error

Maximum security

Reduced running costs

Easier loading and unloading of large items such as duvets, kyllies, sheets and towels

More efficient drying - more cycles between cleaning

Longer life

Optimum drying temperatures for all fabrics

No corrosion - long life
