MAYTAG 8KG COIN OP DRYER

Maytag super capacity single load dryers perform in sync with large capacity washers, like the Maytag high efficiency front load washers. This can reduce the waiting times between washing and drying, and help to eliminate bottlenecks during peak demand periods. With a large drum and a powerful 6.2 cubic metre per minute diagonal airflow, laundry billows open to dry quickly and efficiently for excellent results.

Features

8kg capacity
0.17cubicmeter
6.2 cubic meter/min airflow
No specialist installation
Unique door design
Reversible door
3 temperature/cycle settings
Permanent press cycle
Digital Display
Option – gas or electric heating

Benefits to customer

Will take full load from Maytag or other 7kg washer
Improves airflow and tumbling for superior finish
Massive 6.2 m3/min diagonal airflow for faster drying and efficiency
Independent levelling feet, optional rear or left side vent for siting flexibility.
New door style with "eyebrow" design in the middle of the door providing a convenient handle for ease of opening and closing
Siting flexibility
Optimum setting for all fabric types - whites & colours, permanent press, delicates
Incorporates cool down to eliminate thermal shock and minimise creasing to poly cotton and other man-made fabrics.
Showing time remaining, cycle selected and self diagnostic fault codes
Gas approximately 1/4 of the running cost of equivalent electrically heated dryers (normal household tariff)

The Maytag dryer will produce excellent results day after day, year after year.
