8KG DRYER

Super capacity single load dryers perform in sync with large capacity washers, like the high efficiency front load washers. This can reduce the waiting times between washing and drying, and help to eliminate bottlenecks during peak demand periods. With a large drum and a powerful 6.2 m³ per minute diagonal airflow, laundry billows open to dry quickly and efficiently for excellent results.

Features

- 8kg capacity
- 0.17 cm³
- 6.2 m³/min airflow
- No specialist installation
- Unique door design
- Reversible door
- 3 temperature/cycle settings
- Permanent press cycle
- Digital display
- Option – gas or electric heating

Benefits to customer

- Will take full load from Maytag washer or other 7kg washer
- Improves airflow and tumbling for superior finish
- Massive 6.2 m³/min diagonal airflow for faster drying and efficiency
- Independent levelling feet, optional rear or left side vent for siting flexibility.
- New door style with "eyebrow" design in the middle of the door providing a convenient handle for ease of opening and closing
- Siting flexibility
- Optimum setting for all fabric types - whites & colours, permanent press, delicates
- Incorporates cool down to eliminate thermal shock and minimise creasing to poly cotton and other man-made fabrics.
- Showing time remaining, cycle selected and self diagnostic fault codes
- Gas approximately 1/4 of the running cost of equivalent electrically heated dryers (normal household tariff)

The Maytag dryer will produce excellent results day after day, year after year.
